of science

“

Medicine is a science of uncertainty and an art of probability.

”

Our Vision & Mission

Vision to be the vital link between molecules and human health, driving innovation in pharmaceutical intermediates that enable life-saving medicines worldwide.

Our **mission** is to develop and deliver high-quality pharmaceutical intermediates through innovation, precision and integrity—empowering the creation of safe and effective medicines for global health.

Company General information and Overview

Established in year 2023 in GIDC, industrial area Panoli, **Interpose Chem** is involved in the manufacturing and development of wide range of high-quality intermediates in its ultramodern state of art facilities.

Information

- Commissioned in 2023
- Situated at GIDC, Panoli
- Distance from Surat : 50 Km
- Total Plot Area : 2269 Sq. Mtr.
- Grid power DGVCL : 100 KVA
- Backup by
- DG Set : 125 KVA
- Potable water availability : 45 KL/day

Overview

Surat Airport	: 55 Km
Baroda Airport	: 120 Km
Ankleshwar Railway station	: 15 Km

Quality Management

Quality Policy Statement

The company shall establish and maintain high standards of quality for its products manufactured at various sites, including those at contract manufacturing sites, meeting cGMP norms.

Products shall be manufactured and marketed meeting all quality parameters related to identity, purity, safety and efficacy through well-defined quality assurance and validated systems.

Company shall comply with current national and international regulations as applicable and continuously strive for achieving stringent global standards. Major thrust shall be given on quality up gradation and product integrity on continuous basis to achieve higher level of customer satisfaction. Continuous training shall be given to the employees in the organization to enhance their skill in performing their assigned tasks.

Core Values

Focus on Quality

Responsible pharmaceutical
company for human being

Integrity and high standards
of ethical conduct

Providing better
customer support

We believe
to steps out and
creates value
from something
never tried before.

Growth

Track progress on
Strategic growth plan

Improve R&D productivity
and hit rate of filings.

Organization

Continue to build on Supply
chain excellence initiatives

Organization Simplicity and
Design organization for succes

Operations

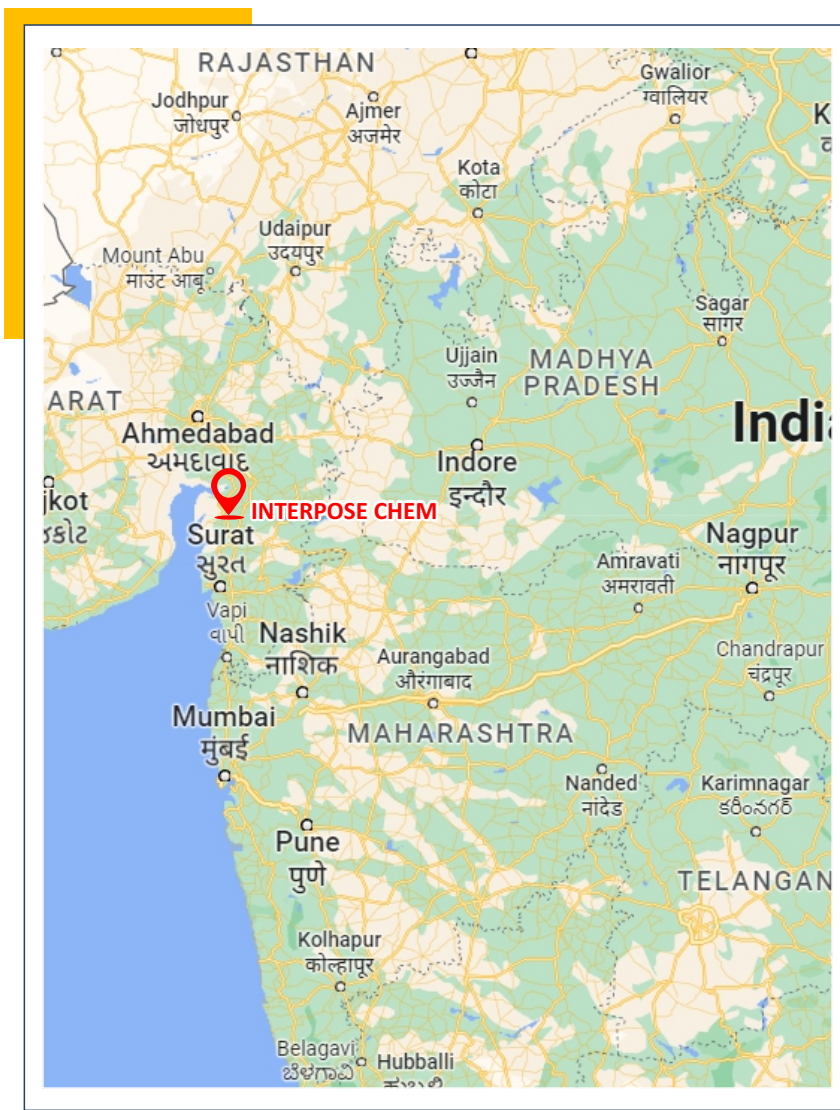

Strengthen quality management
systems and processes

Enhance the infrastructure for
training & development of our staff
on the current cGMP practices
